

Saisaa Ray

UX Researcher & Designer

London, UK hello@saisaaray.com [linkedin.com/in/saisaa-ray-2681641b2](https://www.linkedin.com/in/saisaa-ray-2681641b2)

PROFILE

UX researcher and designer with a background spanning qualitative research, usability testing, accessibility evaluation, and interface design. Currently completing an MSc in Digital Humanities at University College London (UCL), combining human-centred design, NLP, data visualisation, and responsible AI. Educated in Comparative Literature (MA & BA, Jadavpur University) — I bring close attention to language, context, and the people behind the data. Available 2026.

UX & DESIGN PROJECTS

Eigenlytics — Analytics Dashboard Redesign

Figma

[UX/UI Design](#) · [Dashboard](#) · [Information Architecture](#)

- Redesigned a data-heavy analytics dashboard to improve information hierarchy, KPI visibility, and analytical workflow.
- Applied visual hierarchy principles, content grouping, and navigation restructuring to reduce cognitive load.

HistoriArt — Mobile App for Cultural Discovery

Figma

[UX Research](#) · [Mobile Design](#) · [Cultural UX](#)

- Led full UX research and design process: user interviews, personas, journey mapping, IA, wireframes, and high-fidelity prototype.
- Designed an accessible mobile experience for art and cultural exploration, balancing education, storytelling, and usability.

Bluesky — Usability & Accessibility Evaluation

HTML/CSS · WCAG 2.2

[Heuristic Evaluation](#) · [Accessibility](#) · [Sustainability](#)

- Evaluated the Bluesky platform against usability heuristics, WCAG 2.2 AA accessibility standards, and sustainability criteria.
- Produced a working HTML/CSS implementation alongside the written evaluation report.

EXPERIENCE

Graduate Assistant — Digital Accessibility & UDL Jun 2026–Present

EDUCATION

MSc Digital Humanities (Ongoing) 2026
[University College London \(UCL\)](#)
NLP & Text Analysis · Data Visualisation & GIS
· Internet Technologies · Digital Humanities

UCL Digital Accessibility Team

- Reviewing teaching modules against WCAG 2.2 AA and UDL principles across UCL's Moodle platform.
- Remediating accessibility issues and producing guidance materials for staff.

Library & Information Placement

Apr–May 2026

British Museum — Research, Archives & Libraries

Surveyed and catalogued special collections holdings; produced a data-driven research guide.

English Linguist — AI Evaluation

Mar–Aug 2025

Krutrim

Evaluated 300+ AI responses for accuracy, bias, and contextual sensitivity.

Research Editor II

May–Jul 2024

Gartner

Synthesised analyst research for senior stakeholders; edited 500+ slides weekly to editorial and accessibility standards.

Freelance Editor

Sep 2023–Feb 2025

Oxford University Press

Edited 40+ textbooks across disciplines for clarity, accessibility, and pedagogical quality.

UX Researcher & Data Annotation Expert

Jul 2021–Aug 2022

Eigenlytics Data Solutions

Conducted user research, interviews, personas, and usability testing; contributed to dashboard and platform design in an agile team.
